

ACTIVITY

J

**Letter Walk**

Grades K–2

**Purpose:**

Learn about letter shape through physical activity

**Materials:**

sidewalk chalk or masking tape

Choose several manuscript letters that students are learning. Use sidewalk chalk to write them very large on the playground or use masking tape to form them on the floor of your classroom.

Invite students to walk, hop, or skip along the lines of the letters. Ask them to point out the four kinds of lines that make up manuscript letters: horizontal lines, vertical lines, circle lines, and diagonal lines.

*Zaner-Bloser Handwriting* is THE gold standard in handwriting instruction. For over 125 years, our signature method has helped to develop students' legibility, fluency, and literacy skills. **Learn about our new © 2020 Edition** with complete instruction in English and Spanish for grades K–6!
